

Does the bible claim Jesus to be the, Son of God?

“YES”

The bible may not contain a scripture where Jesus directly says, “I am the Son of God,” or “I am God in the flesh.” However there are scriptures and prophecies telling of His deity, nor did Jesus ever deny His deity. And this is also one of the reasons why Jesus was condemned to death by the religious teaches of the day.

We might think that if Jesus had told us point blank that “I am the Christ, the Son of God, that it would make this whole believing thing easier. But, it is far better to have studied this out for yourself and having come to an unmistakable conclusion than Jesus is God's only begotten Son, God in the flesh.

The list below is by no means exhaustive, but the scriptures show that Jesus is the Son of God. Through Old Testament prophecy, through His own Words and His ministry while He was on this earth, through the Father's Words, and also having been acknowledged by many witnesses.
